SUN PROTECTION

Style Meets Function: Crank Your Way To Perfect Shade!

With their unique design, Crank Operated Straight Drop blinds provide excellent light control, allowing you to adjust the amount of light entering your space.

They also provide privacy, making them ideal for outdoor entertaining areas or areas where privacy is essential. These blinds are easy to operate.

They are also designed to be low-maintenance, making them a hassle-free addition to your home. With their energy efficiency and light control features, Crank Operated Straight Drop blinds are an excellent choice that will enhance the look and feel of your outdoor living space while also providing practical benefits.

Whether you want to create a comfortable outdoor living space or protect your outdoor furniture from the elements, Crank Operated Straight Drop blinds are the perfect choice for your home.

Versatile outdoor blind that provides shade and privacy. Easy to operate with a crank handle, it is perfect for any outdoor area.
