Design Meets Function!

Elevate your space with Shut It's exquisite Timber shutters. Embrace the beauty of nature with our Basswood Timber shutters, crafted from the Finest Timber, derived from forests managed sustainably, ensuring ethical and environmental responsibility. Revel in the natural charm, enhanced heat, and acoustic insulation properties of our Basswood, promising not only aesthetic appeal but also functionality.

Customisation at Its Core: Our bespoke Timber shutters adapt flawlessly to any interior, infusing spaces with a touch of elegance and serenity. Choose from:

Painted Perfection: Dive into our palette of 15 contemporary colours. Our top-tier paint finish sets the industry standard, utilising eco-friendly, water-based options for a family-safe environment.

Stained Sophistication: Showcase the exquisite natural wood grain with our array of stain colours, adding a raw, earthy vibe to your living area. The visible texture under the stain invites an element of nature into your home, blending beauty with tranquility.

Functionality Meets Style: While aesthetics are vital, the functionality of our Timber window shutters holds equal importance. Customisable to your homes requirements, our shutters ensure you maintain full control over light and air flow without compromising on style. Choose from various installation systems to suit your needs.
