Sleek and Stylish: Wire Guide Straight Drops for Modern Living!

Creating a comfortable and secluded outdoor space is made easy with Wire Guide Straight Drop blinds. Crafted from high-quality materials, our Wire Guide Straight Drop blinds are built to last, promising years of trouble-free use.

Available in a wide range of colours and styles, our blinds seamlessly complement any outdoor decor, enhancing the overall look of your space. Operating them is a breeze, thanks to their user-friendly design, ensuring a smooth and quiet experience whenever you adjust them. Control options are: Crank or Motorised.

Create an inviting outdoor haven while effectively managing heat, glare, and pesky insects. The Wire Guide system, with discreet cable guides, is particularly suitable for floor-to-ceiling applications where traditional side channels are not feasible. Our universal brackets securely anchor the wire guide base to the floor, face, or recessed areas.

Incorporating compression springs, the Wire Guide system maintains optimal wire tension, ensuring smooth fabric guidance. Upgrade your outdoor living space with the superior performance and style of Wire Guide Straight Drop blinds today!

Suitable for areas experiencing high winds, such as beaches, countryside locations and balconies on high-rise buildings.
