The Shut It Difference

5-YEAR INSTALLATION WARRANTY — NO CHARGE

If our installation is at fault, we'll fix it.

Our **5-Year Installation Warranty** covers defects in our workmanship for five (5) years from the date of installation.

We'll inspect and rectify any installation-related issues at no charge to you. This exceeds the standard statutory workmanship period of **2 years.**

OUR OWN INSTALLERS

- No subcontractors
- Fully trained Shut It installers
- Consistent workmanship on every installation

5-YEAR WARRANTY LABOUR SUPPORT — NO CHARGE*

Many of the products we install are backed by extensive manufacturer's warranties. For example, Acmeda motors are covered by up to a **7-year manufacturer's warranty,** while many other products carry warranties ranging from **2–30 years** depending on the product.

If a product covered by the manufacturer's warranty develops a fault during the first five (5) years after installation, Shut It will:

- **Liaise** directly with the manufacturer.
- **Manage** the warranty claim on your behalf.
- **Arrange** replacement parts where approved.
- **Complete** the labour required to remove, repair or reinstall the warranted component.

All labour is provided at **NO CHARGE*** to you during the first five years, provided the fault is covered under the manufacturer's warranty.

THE SHUT IT DIFFERENCE

At Shut It, we don't.

We believe exceptional after-sales service is just as important as exceptional products. That's why we **stand behind our workmanship** and support our customers well beyond installation.
